REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: In light of the amendment filed on April 21, 2005 and further examination of the art of record, it has been decided that the art considered as a whole, alone or in combination, neither anticipates nor renders obvious the claimed fastener delivery apparatus comprising a movable transfer passage disposed between an pressurized gas source outlet and an inlet of a delivery tube, the transfer passage transferring a fastener between a fastener supply and the delivery tube; sealing means contacting the transfer passage, thereby sealing the passage so as to prevent leakage of gas from the apparatus. While a transfer passage positioned to transfer a fastener between a fastener supply and a delivery apparatus, via pressurized gas, is known in the art, the use of a sealing means directly contacting the transfer passage is not disclosed in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
